*"There is beauty in the dark. But you have to let it in to see."*  
 —Firvlia to a young mage

**Firvlia aep Llwyr** was the advisor to [Fergus var Emreis](#) in a time before he had been murdered by the [usurper](#). She was quite loyal in that time, though in her years away from the Empire she changed quite a bit. Though, despite so many years having passed, she now prefers to keep to her own practices, away from the leashes of court and more potential threats on her life.
